

Wedding Photography by Stephen Lynn Butler

Weddings

Congratulations on your upcoming wedding! Now you have a lot of decisions to make about who will help you make your wedding day both memorable and enjoyable. The person you choose to photograph your wedding can have a major impact in both regards. You need a photographer who is not only able to give you high quality photos, but can also help you to create photos in a way that enhances the joy of the event. Your wedding day is supposed to be FUN, and you need a photographer who recognizes that. Remember that you will be spending virtually your entire wedding day with your photographer, so it is important to find someone whose personality meshes well with your own.

I have been photographing weddings, by referral only, since 1967. In that time I have shot hundreds of weddings, under a huge variety of situations.

I find the best and most successful photo sessions are not of the posed type, by specializing on finding the soul of the event, rather than just the image of the bride and groom or wedding party at the event. The "Candid" or "caught in the act of" photos tell the true story of the day. I encourage you to direct me in what you want as far as "Posed" situations.

Photo Session Packages

I offer custom designed packages starting at \$ 395 per day*. I use 5 Mega Pixel Digital Imagery that allows me to offer Full Color as well as Black and white photography. All sessions include the Images burned to a CD for you, this saves you Hundreds of Dollars by only printing the ones you want. Reprints can be done at any outlet that has the "Digital Printing" stations, such as Walmart, Target and other major retailers.

*Up to 8 hours and my assistant and I must be included in the reception dinner.

Website Package

This package includes a prepaid* professionally designed, website (one years ICANN registration and hosting) for you to share your special day with those that could not make it to the event, containing thumb nails of all photos taken as well as links to larger images. A Guest Book page. A page with any special message you would like to convey to those viewing the site.

\$795.00 (without photo session) Or Both for \$900**

* After 1 year you may elect to continue this site for personal use by renewing the ICANN fees and pay the hosing charge of \$19 per month or just let it go away.

** you supply the digital images, scanning of Photos or negatives additional, request pricing

5x7 \$13.00 ea

8x10 \$18.00 ea

Travel – Local

For weddings within the greater Orlando area, I have a "no travel fee" zone for any location within one hour driving time - roughly from Davenport in the south to Winter Park in the north. Outside that range, I charge \$25/hour for travel time. Any Tolls or parking fees will be billed at cost when CD is delivered.

Travel – Distance

I am available to travel anywhere in the United States or Canada to photograph your wedding. I have photographed weddings in Wisconsin, Indiana, Michigan and Texas in addition to weddings I have photographed in Florida. I charge only my actual expenses (travel, meals, lodging, etc) along with a small daily traveling fee on top of my package prices.

If you are interested in having me take photos at a wedding outside of the Kissimmee area, please contact me to discuss the particulars.

Pricing

Please contact me for other pricing information.
